Introducing our 'That 70s Show' pups!
They're about 3-4 months old.

These puppies are not potty trained.

They are familiar with leashes but they don't walk very well
with them.

They like each other, so they will probably do well with
other dogs.

They are good with children!

Chex
(AKA Chexy, Sexy, Rexy, Lexy)

Chex is a female Border Collie mix who is about 1 year old.

She is mostly potty trained and she knows how to walk on the leash; however she does pull.

She is dominant over smaller dogs and submissive with larger dogs.

She does like children but we suggest a home where there are no small children because she is a jumpy girl.

Come see our fun-loving girl today!
