

Sadee

Sadee girl is an 8 month old pit bull terrier. She is such a shy, sweet girl but once she's comfortable she really lights up!

She is not potty trained but she's working on it! She just needs someone who has patience and time to work with her.

She is good with dogs, cats and children. She loves pets and kisses and spending time around people. She walks easy on a leash too!

Blueberry

He appears to be a Boxer mix, and we are unsure of his exact age but he is an adult dog.

He has not been exposed to other animals here at the shelter, but he has not shown any signs of aggression towards them. He has been good with every person (big or small!) he's met. He's a gentle dog that has a playful side when he's out of his kennel.

Blueberry is house/kennel-trained.

He loves butt scratches and head scratches. Blueberry is smart, and knows how to sit. Come meet Blueberry!

Special Note: Blueberry has been at the shelter for 64 days!

Maverick

He is a brindle, bully breed dog who is 7 years old. Maverick is an all around good boy. He is good with cats and other dogs. We still recommend a meet and greet if you already have dogs living in your home since Mav is full grown.

He is good with children and newborns too. One thing to keep in mind is that Maverick is protective over the children in his home.

He's also potty trained! So hopefully no messes in your home. He doesn't mind being on the leash but he does pull quite a bit.

Mav is a smarty pants and knows how to sit, shake and lay down. He would make a great addition to any home! His adoption fee is \$85. Stop by to see him.

Deeks

Deeks is a male lab mix who is 1 year old. He is good with kids and other dogs but a meet and greet with any dogs already in the home is recommended. At this time, he hasn't been exposed to cats. He is potty trained and knows how to sit!

He is up to date on all vaccines but still needs to be neutered (covered by his adoption fee).

Deeks is a really good boy but he is very anxious here at the shelter.

Come see this sweet boy and give him a chance at his forever home!

Henry

Henry is a 3 year old Treeing Walker Coonhound. He is good with other dogs and kids but has not been exposed to cats.

He would be a great dog to get as a friend for your dog because he loves to romp and stomp!

Henry has had some issues with potty-training, though he does know he's supposed to go potty outside. We ask that potential adopters keep in mind he may need a little extra work in that aspect.

Henry is a very friendly and vocal boy. He has the typical hound bark. He's a playful dog that has a lot of personality.

Come meet Henry!
