WHAT IS A 'BOARD OP'?

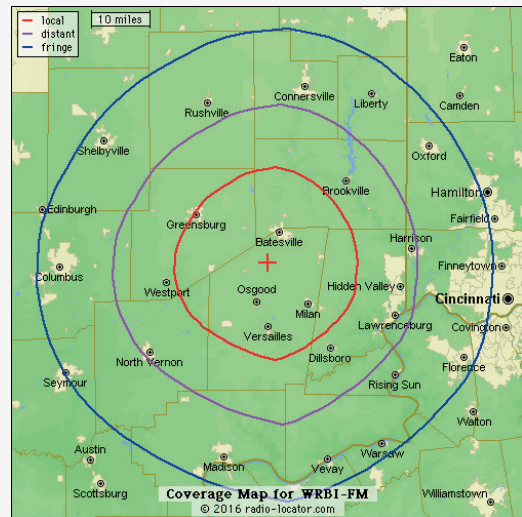

As a "board operator" at WRBI, you'd be behind the scenes, running the audio mixing board, and pushing buttons at the studio -- while our broadcasters are in the field covering live sporting events, community events, and more.

It's a fun, fast-paced job that won't leave you bored (see what we did there).

Call for details today!

SOME FACTS

WE KNOW SEI

Southeastern Indiana is the area between Indianapolis and Cincinnati. We're proud to offer local news, weather, sports, and a variety of other informative and entertaining elements for an area often overlooked by these larger cities.

THE STATISTICS

Radio continues to be the largest medium in the country, reaching 91% of ALL adults every week (more than TV, social media, smartphone apps, the Internet, and other mediums consumed). 75% of people are listening to radio while they work in their homes.
